

## Speedy Gonzales Assembling Line Operators (m/f)

Production

*Full time internship / position*

---

**FAZUA** is a small, young, and international company based in Munich since 2013. **evation**, our product, is the lightest and most compact drive system for eBikes in its category. Containing motor, electronics and battery in a single unit, its magic resides on the integrated design as well as on the possibility to be clicked in and out from the down tube at any time.

With some of the biggest bike manufacturers behind, our product is about to shape the future of the eBike market. To continue bringing our cutting-edge technology to market and foster the relationships with our current partners, dealers and cyclists we urgently need to recruit very special new warriors for our team.

As our **Speedy Gonzales Assembly Line Operator**, you will work in a new and existing assembly line helping us with the montage of our eBike drive systems. You can show us your skills using hand tools for assembling, inspecting parts for defects (such as dents or scratches), laser marking, packaging and other labor activities.

*Our desired pioneers' skills:*

- *Experience working among manufacturing/production environments or will to have it.*
- *Familiarized with a high-speed production process and picky to detail in order to ensure quality of the product.*
- *High organizational skills.*
- *English and German are a must.*
- *High school diploma or equivalent is a pro but not a must.*
- *A great sense of responsibility (and humor).*

*We offer:*

- **Long term contract opportunity.**
- *International-always-hungry-always-foolish environment.*
- *The ideal opportunity to sink your teeth into a new, real and exciting project.*
- *Epic bootcamps where we enjoy riding our bikes and more outdoor activities.*
- *Fuel in the form of free drinks and snacks.*
- *Quite often backyard BBQs.*

*Wanna joining us? Send us right now your CV and a few lines about you to [jaramillo@fazua.com](mailto:jaramillo@fazua.com) with subject [Speedy Gonzales Assembly Operator].*
