FAZUA is a young brand that has disrupted the cycling industry in 2017 with its innovative drive system for agile and light e-bikes. From Ottobrunn near Munich, we set out to shape a new cycling culture with outstanding products that guarantee an exceptionally natural e-ride. Our diverse, open-minded, ambitious (and fun) team is constantly seeking new, inspiring talents who will help us push boundaries to shape the future of e-bike technology.

YOUR TASKS

- You design and implement features for all our modules (HMI, motor, sensor...)
- You research, design and implement future technologies
- You create and update documentation of the development and testing
- You support the hardware design team
- You support external partners to follow our requirements

YOUR PROFILE

- You completed a technical degree: electrical engineering, telecommunication, computer science or similar field
- You have experience in working with embedded systems
- You have experience with C
- You will convince us if you have knowledge in CAN, I2C, BLE, ARM cortex-M, FreeRTOS, Git, Linux, Python, physics.
- You have a responsible, accurate and independent working style.
- You are a creative and analytical thinker
- You speak fluent English

YOUR BENEFITS

- We are a diverse and international team of creative minds, passionate bike nerds, and progressive thinkers
- You will see your ideas taking shape quickly: bring in your thoughts, challenge the status quo and see innovations being implemented soon
- You can work remotely from home equipped with top hardware. Yet, in Ottobrunn, right on the outskirts of Munich, our headquarters also feature nice rooms, playful corners, kitchen and showers, a huge terrace, and the best colleagues
- Our location in the jaw-dropping Bavarian landscape offers a fantastic surrounding for rides. Take the chance to lease your dream bike on JobRad or simply grab one of our test bikes if available
- We try to live sustainability in everything we do – instead of just talking about it
- We are supportive of further education and foster ambitions of growth within the company
- We believe in regeneration and agility. Therefore, we offer 30 days of vacation for you to fuel up and find new inspiration as well as flexible part-time models such as e.g. our 4-day week
- Oh, and we love our company dogs!
