

## QA Test Engineer – Mobile Apps (m/f/d)

Immediately · Full time (40h/week) · Ottobrunn near Munich

# QA Test Engineer – Mobile Apps (m/f/d)

Immediately · Full time (40h/week) · Ottobrunn near Munich

**FAZUA is a young brand that has disrupted the cycling industry in 2017 with its innovative drive system for agile and light e-bikes. From Ottobrunn near Munich, we set out to shape a new cycling culture with outstanding products that guarantee an exceptionally natural e-ride. Our diverse, open-minded, ambitious (and fun) team is constantly seeking new, inspiring talents who will help us push boundaries to shape the future of e-bike technology.**

## ***YOUR TASKS***

- You monitor and plan all QA activities around the iOS/Android based FAZUA App, which is the main control center for every FAZUA Bike
- You apply appropriate testing methodologies, such as automated, exploratory, or manual testing
- You design and execute smoke, regression, and functional test cases, test plans and test strategies
- You select candidate test cases for automation, implement it and maintain the whole end-to-end test suite
- You manage internal alpha tests and externally crowdsourced beta tests.
- You develop, maintain and review test documentation
- You communicate with and support other members of the product development team on a daily basis
- You identify opportunities to improve the UX of our apps

## ***YOUR PROFILE***

- You have more than 3 years of professional experience in the software QA methodologies and lifecycle (of which at least 2 years in mobile app testing)
- You have a bachelor degree in one of the STEM disciplines

- You have sound knowledge of software QA processes and tools, as well as good programming and clean coding fundamentals
- You are familiar with the Firebase suite
- You have the desire to constantly learn new things, to keep improving yourself and to always work on the latest technologies and developments in the QA field
- You are familiar with Dart programming language and Flutter framework
- You know how to work with CI\CD pipelines, CodeMagic is a plus
- You have previous experience with testing bluetooth oriented applications
- You possess very good English skills, German is a plus
- You are a great team player who strongly believes in the WE over the ME

## ***YOUR BENEFITS***

- We are a diverse and international team of creative minds, passionate bike nerds, and progressive thinkers
- You will see your ideas taking shape quickly: bring in your thoughts, challenge the status quo and see innovations being implemented soon
- You can work remotely from home equipped with top hardware. Yet, in Ottobrunn, right on the outskirts of Munich, our headquarters also feature nice rooms, playful corners, kitchen and showers, a huge terrace, and the best colleagues
- Our location in the jaw-dropping Bavarian landscape offers a fantastic surrounding for rides. Take the chance to lease your dream bike on JobRad or simply grab one of our test bikes if available
- We try to live sustainability in everything we do – instead of just talking about it
- We are supportive of further education and foster ambitions of growth within the company
- We believe in regeneration and agility. Therefore, we offer 30 days of vacation for you to fuel up and find new inspiration as well as flexible part-time models such as e.g. our 4-day week
- Oh, and we love our company dogs!

**Do you want to become part of the FAZUA team? Send your CV and a short motivation letter including your availability and salary expectation to [jobs@fazua.com](mailto:jobs@fazua.com).**
