Mobile App Tester – Test Automation (m/f/d)

Immediately · Full time 40h/week · Ottobrunn near Munich

At the headquarters in Ottobrunn near Munich, the Porsche eBike Performance GmbH develops and produces advanced drive systems for two brands: FAZUA with the focus on pioneering compact lightweights for agile e-bikes and under the brand name Porsche exceptionally powerful drive systems. FAZUA is a young, ambitious brand that has transformed the cycling industry in 2017 with its innovative drive system for agile, compact, lightweight (and extremely good looking) e-bikes. Since July 2022, we are a part of the Porsche eBike Performance GmbH. Our diverse, open-minded, ambitious (and fun) team is constantly seeking new, inspiring talents who will help us push boundaries to shape the future of e-bike technology.

YOUR TASKS

- You focus on all testing activities around the FAZUA App (iOS/Android), which is the main control center for every FAZUA Bike.
- You select, implement and own the optimal test strategy, test plans and test documentation
- You automate the most important tests independently and in alignment with our developer team.
- You design and execute different types of tests (smoke, regression, functional) and maintain the whole end-to-end test suite.
- You manage internal alpha tests and external beta tests
- You communicate with and support other members of the development team on a daily basis.
- You identify opportunities to improve the UX of our apps
