

JavaFX Software Developer (m/w/d)

Full time

WE ARE LOOKING FOR YOU!

Fazua is a Munich-based company that has revolutionized the ebike market with its slim and light drive system. We need a JAVA Developer who is responsible for our software applications from idea and design to testing and further maintenance.

</Your Tasks>

- Develop and test software applications for internal/external use
- Write a well-designed, testable and efficient code
- Deploy and maintain CI/CD pipelines across multiple environments

</Your Profile>

- Completed university degree in computer science or a comparable education
- Strong experience in core Java
- Preferred experience with Continuous Integration (Docker, Jenkins, Ant Maven)
- Knowledge in Python is a plus
- Experience with javaFX is a plus

You are convinced that you complement our team with your passion and your knowledge? Then we are exactly looking for you!

Send us your CV and a short motivation statement to jobs@fazua.com*

In special cases, travel costs can be covered under arrangement.
