

Working Student - Design (m/f/d)

You are passionate about product design? You love (e)bikes? Join our energetic product design team at FAZUA and let your design idea become reality. We are looking for an Industrial Design or Product Design student to support us for a minimum of six months in Ottobrunn (20h/week).

Your Tasks

- You participate in ideation and research activities, and work on concepts
- You create design sketches, illustrations and 3D models
- You build prototypes
- You assist the design team with your creative skillset

Your Profile

- You are experienced in making quick and dirty prototypes, plus testing it
- You adapt to quickly changing and complex tasks
- You like to rethink and disrupt the status quo
- You have profound knowledge of the Adobe Creative Suite (Photoshop, InDesign and Illustrator) and Rhino 3D
- You are enrolled as a full-time student at a German university
- You like to work in a team
- You speak fluent English (German is a plus)

Your Benefits

- A vibrant, creative and international working environment (start-up character)
- Flexible working hours and home office possibility
- Modern office spaces, latest hardware/software, coffee for free and office dogs
- And, of course, lots of ebikes to test and rent

Do you think this job fits you? Send your CV and up-to-date portfolio to jobs@fazua.com*. Your contact person is Vanessa Roith.

In special cases, travel costs can be covered under arrangement.
